Generation 1:

A friend of mine suggested me to try the new adapter (I got mine for \$50) with the Macally adapter. As I've mentioned, I'm not very good at getting new items into my computer (yet), so it wasn't exactly the experience I was looking for. The

Generation 2:

A friend of mine suggested me to try this charger as well. It has been a month since the laptop has plugged in. I can't say enough positive reviews, especially as a user for a Mac, and it is certainly a good product. The charger is not a great design, I

Generation 3:

A friend of mine suggested me to try to find out how a laptop like this might work, rather than the MacBook Air. This was exactly what I did - I plugged in a full-sized (not a quad core) Apple charger, then I connected it to my laptop (a little
